WRITING

Recently I saw an announcement of a popular ^{blogger} ~~blogger~~ who asked his followers to write an article about how people benefit from writing blogs.

In my opinion, it is a good idea to create your own writing blog. Firstly, it definitely helps with grammar and writing skills because you repeat how to express and write an opinion. Secondly, some of writing ^{bloggers} ~~bloggers~~ get famous and have their own group of people who read them every day and ready to give advices or help. However, the audience won't come to you very quickly.

In my view, the appeal of reading someone else's blog is to know alternative opinion about global problems, simple things and something else. Such opportunity like ~~like~~ reading a blog of a blogger gives you the new knowledge and skills. ↗

As a consequence, I would like to ~~recoment~~ recommend our society improve that internet area like weblogs because although teenagers should ~~learn~~ learn something from adults, they also need learn something from us.
